**Quick Guide for Watching**

1. Download installation & download and install APP for smart phones

Search "iCSEE" on the App Store or Google Play

Search "iCSEE" on Google Play or Android Market and install it. Or you can download the app by scanning QR code from the optional sheet.

QR code

2. Add a watch

Mode 1: WiFi Smartlink  
The device that support "Smartlink", will prompt user with voice "Please Configure the networking" after it boot up.

Important Note:  
1. The WiFi Camera Default Mode is WiFi  
2. If your WiFi Network has the WiFi radius, you  
can't connect to the WiFi Camera directly.
