Quick Guide for Watching

1. Software installation & download and install APP for smart phones

Apple: Search "i380" in the AppStore
Android: Search "i380" through play on Android Market and install it. Or you can install corresponding APK file from the optical disk. Scan QR code to install.

2. Add & watch

Mode 1: WIFI Smartlink

The Device that support "Smartlink" will prompt user with voice "Please Configure the networking" after it boot up.
